

WELCOME TO SIP

SIP AN AI BASED MIRROR-TRADING PLATFORM FOR CRYPTO CURRENCY MARKET
#forthepeople

WWW.SIPCOIN.IO

SMART INVESTMENT PLATFORM FOR TRADING

AI BASED TRADING

SIPs self-reinforcing Artificial Intelligence based on deep-learning neural nets and other modern machine learning models analyze huge volumes of data to predict financial markets

COPY TRADE

SIP helps investors to search and compare the performance of hundreds of proven crypto currency traders and mirror their trades automatically

EXCHANGE

Digital asset exchange offering maximum security and advanced trading features. Any funds you put into the exchange are only used to facilitate trading through your account. Unlike banks, we do not operate on fractional reserves

ABOUT SIP

HOW IT WORKS

Investors from around the world can compare the performance of hundreds of professional crypto asset managers, copy their trades automatically and profit together

MISSION

SIPs mission is of creating the biggest database for crypto trading, including knowledge base, practice tools and interaction with expert traders

SIP ICO

SIP coin provides the unique opportunity to take part in a crowd sale and benefit from its growth by purchasing SIP coins prior to the beta-version launch of the platform and exchange listing of the SIP

WHAT IS SIP-COIN?

SIP is a form of digital public money created by complex mathematical computations and validated by millions of computer users. It is a new cryptocurrency which aims to become the best alternative to current popular coins such as Bitcoin and Ethereum.

SIP coins can be bought and sold on the SIP exchange and can also be traded on the platform.

Decentralized, p2p transactions

Open source investment platform

A cryptocurrency backed by real blockchain applications

SIP (SMART INVESTMENT PLATFORM)
